

TO BREAK DIRT AT RACE TRACK AFTER CEREMONY

Breaking dirt for the construction of the race track at the fair grounds will be celebrated tomorrow afternoon at 5 o'clock by an elaborate ceremony which will probably be attended by hundreds of interested citizens.

Members of the Southeast Alabama Fair Association will be in attendance as well as many others interested in the growth and development of Dothan and Southeast Alabama.

Following the letting of the contract to J. J. Donovan of Dothan to build the race course, President J. R. Porter and Secretary Fred Thomas of the fair association decided that the event should be celebrated by a ceremony.

Working under difficulties, the plans of the association now seem to be well under way with a bright outlook for the first annual fair this fall.

Secretary Fred Thomas has been busy with his correspondence and has prepared a list of premiums offered for the best exhibits of cattle, horses, poultry and other products of the farm.

Contractor Donovan is expected to arrive by night with the teams which will be used in grading the race track which is designed to be one of the best in the South. The plans for the race track were made under the direction of Secretary Fred Thomas, an experienced fair man.

Now that the contract has been let for preparing the race track, the association will be given new impetus and that everything will be in a hurry to get going this fall.

To catch the general attention for a carnival company was here yesterday in conference with officials of the institution. The secretary has also been in conference and conference with other exhibition men. It is believed that the show will be among the best on the road.

Hon. Fred G. Turner will be the speaker for the occasion.

COMMERCE COMMISSION TO RENDER DECISION ON INCREASE RATE

Washington, June 3.—The Interstate Commerce Commission will render a decision in five percent increase rate case shortly after June 10th. It is believed the commission will refuse a general increase but will point out a way for railroads to put schedule on a scientific basis and allow increase on certain commodities not common.

All railroads to have railroad money must be cleared up and special favors to shippers withdrawn.

The decision is expected to follow the lines laid down by four railroad heads in their brief opposing a blanket advance.

FUNERAL OF CARSON, WHO KILLED SELF, HELD AT MURKIN

Elton, Cal. June 3.—The funeral of Joseph Byron Carson who committed suicide in Yreka, Cal., was held this morning at 11 o'clock at the home of his brother, Briggs Carson. The interment was in Oak Ridge cemetery.

The body accompanied by Mrs. Carson and the wife and child daughter of the deceased reached Elton Tuesday morning. The services were conducted by Rev. C. W. Darden of the First Baptist church with a special memorial service by the choir. Editor F. Smith, the editor of the Dothan Morning News, on behalf of Mrs. Carson and Elton J. W. Hixson of the Cordell Sentinel and his wife were among those attending from out of the city.

Mr. Carson had been in poor health for some time. The climate of Mississippi proving very trying for him. He had asked his house for a change of territory which had been granted him but before it came temporary mental unbalance due to nervous prostration led to the rash act.

Dothan Woodmen to Attend Unveiling at Campbellton

The Woodmen of Dothan and Houston counties are preparing to make a representative showing at Campbellton Sunday, June 7th at the 10th day planned by the Campbellton camp. Arrangements have been made with the Bay Line railroad for transportation to and from Campbellton leaving Dothan at 11 o'clock and returning at 11 o'clock. The price for the trip and dinner has been fixed at 50 cents. It is generally understood that a large crowd from Dothan would be in attendance but when it is known of the charge rate, it is said for many may not expect to attend.

Among the many good things of the program for the day are speeches by Governor Park, Governor of Florida and J. C. W. Hixson of Mississippi. Dinner is also to be served to the visiting Woodmen and temple accommodation to take care of the large crowd. Sports from South Alabama and Florida surrounding communities.

It is expected that the will be one of the best of the kind in the country. Campbellton is a fine place to do business and will be a credit to the city.

Aside from the members of the W. O. W. many visitors will be welcomed and cordially entertained.

While the occasion is to be in memory of deceased Woodmen and will have its pathos still it is prophetic and triumphant will be added.

Houston county's Woodmen in memory of the trip to the Florida will leave on the scheduled time 11 and return the same day.

EXAMINE STREET SUNDAY SCHOOL, PINK TOMORROW

The members of the city's street Sunday School and church will hold their annual picnic tomorrow, Thursday 4th at Williams Station.

Special coaches have been secured and will be attached to the regular 8 o'clock Central train, returning that evening at 7 o'clock.

All members of the church and Sunday School are invited and expected to go. The weather will not interfere as arrangements have been made to go rain or shine.

The place selected is an ideal one for a picnic as there is plenty of shade shelter and water but no water that is deep enough to be dangerous to the children.

DIRECTOR SAYS MELLER WAS DOMINATING FACTOR

Washington, June 3.—Times Editor a New Haven director testified before the Commerce Commission this morning declared that President Mellon was the dominating factor in the New Haven road. Answering questions by Earl Browder, Meller testified that none of the directors did ever object to a proposal of Mellon.

Mr. Meller then plunged into the Westchester road, which the New Haven was bought of eleven millions. Meller said he considered the purchase an extraordinary thing. He did not object because he had confidence in Mellon. If he had to go through it again he would object.

Meller is seventy-six years old. He said he was manufacturing until he became too old then he became a New Haven director.

Meller admitted he did not know how many railway concerns were controlled by the New Haven. He knew nothing of the million and two hundred thousand dollar road built to New York City. Meller did not understand the New Haven financial transactions. He had everything to do with the New Haven. Meller said Mellon was trying to get a monopoly on New England transportation.

THE DICTATOR SEEKS POPULARITY WITH THE WORLD

Washington, June 3.—As the full significance of Huerta's statement declaring he is willing to withdraw when Mexico is politically unified becomes apparent, officials close to the administration declare it is merely a move by the dictator to strengthen himself in the eyes of the world and gain popularity in Mexico.

It is regarded as certain that the dictator will never consider Mexico unified as long as there is a chance for him to remain in office.

HUERTA HAS NARROW ESCAPE

WAGE IS CHAP

But when young friend, how about the advice of such men as Henry Ward Beecher, Horace Mann and Hon. Wm. Pinckney White, ex-governor of Maryland? Henry Ward Beecher says: "Whatever occupation you may choose as your life work the first step is to secure a practical business education by all means attend a good business college." Horace Mann says: "Education is capital from which a profit may be derived in subsequent life. It will pay an annual income without expense for insurance, and it will pay a large dividend when a good education is a most lasting resource." Governor White says: "It is the business knowledge which is so important today, no man can afford who is not a businessman. It is a rare exception that a man who has not equipped himself with a business knowledge ever succeeds in life."

Young friends, you are living in a business age, at business you must make your living. Why try to go through life without obtaining a thorough business training? The business world today is holding out greater inducements to our young men and women than ever before. Young woman you will receive that you are prepared to earn, a career woman with a washerwoman's wages and a washerwoman's social position thrown in. A business education in youth secures many a woman from the wash tub in age and enables the widow to feed her starving children. Latin and Greek may be forgotten, the business course can be used always and everywhere. It is a treasure secure from moth and rust, a safeguard against adversity and its culture value surpasses any other of equal length.

SHERIFF COMES FOR PRISONER

DeWitt Worrell Wanted in Geneva County for Alleged Homicide (Harris).

Charged with a statutory offense, DeWitt Worrell, of Geneva county, who was arrested at Ashford by Deputy John Hilson, was turned over to Sheriff Howell Brown of Geneva to be taken back to the county where the offense is alleged to have been committed.

Sheriff Brown of Geneva called at Sheriff Hilson's office this morning and in company with Deputy Sheriff Henry Nichols departed for the county jail for the prisoner.

The warrant for the arrest of the man was sworn out by Ida Hall, who is also said to reside in Geneva county.

The warrant authorizing the arrest of Worrell was taken to Ashford by Deputy Sheriff John Griffin, who upon finding that his man was not in town left the warrant with an Ashford policeman for service. Worrell was arrested by the Ashford officers and Sheriff Hilson's office was notified. When Deputy John Hilson reached Ashford, he found that the prisoner had escaped.

The Dothan deputy went to a residence and found Worrell in a room. He was placed under arrest. When the couple reached the downtown district the prisoner obtained permission to get a drink of water at a hydrant. Taking advantage of this opportunity he bolted, but was overtaken by Deputy Hilson after a lively chase. During the melee Deputy Hilson fired four times. The fugitive ran into a pile of broken glass near the bottling works, and stumbled. In the chase Deputy Hilson brained a leg.

Edwin Bunker an old Dothan boy but who has been in the Canal Zone with the government for three years and a half came to Dothan yesterday to visit friends and to transact some business. He is off for a forty days vacation and left this morning for Wetumpka, where he goes to visit the family of Dr. J. J. Fowler. At one time Mr. Bunker had charge of the electric light plant in Dothan, and his work on the Canal is that of an electrical engineer.

"WHAT GOD HATH WROUGHT."

Henry Allen in the Wichita Beacon: The other day, in New York a man played a phonograph in a room beside the transmitter of a telephone. The record used was that of a song ending in a jolly laugh. Music and laughter were heard in a room in Philadelphia 100 miles away, aboard the steamship North Star, distant sixty miles at sea; and also aboard the steamship Antilles, fifty-five miles out.

There are wires between New York and Philadelphia, but this communication of uncorked mirth with its finale of rollicking laughter, did not pass over any wire. There are wires from New York across the Atlantic, but they are fathoms beneath the hulls of the ships that plough the briny deep.

Though wonders nowadays happen in such rapid succession as almost to lose the power of challenging our attention, the date of this extraordinary feat seems worthy to be remembered. Take down your wall calendar, and put a circle around May 13, for then the wireless telephone of Marconi demonstrated its success beyond possibility of doubt.

In the Bible we read how kings and prophets of ancient Israel used to prostrate themselves in fear and trembling when from the clouds there came a voice which they took to be the voice of God.

This also, was a voice of God. But we, of today, are better acquainted with the workings of science and we do not so easily fall a prey to fear.

A WASTE OF ENERGY.

A newspaper has too many chances to print things. Every mail brings a lot of junk that people send out, thinking that the newspapers will grab at it. Of the lot one gets out of the mail, none is worse than some sent out under government frank, and they are not from congressmen and senators either. Three long envelopes marked "Rush—News," comes to the Eagle daily. They are now brought down to the office for a benevolent Postoffice Department provision waste baskets in the lobby and then the city provides a big sine can just on the sidewalk. There is no need whatever of carrying the stuff on to the office. We sometimes wonder just how many thousands of these things at the same treatment from other papers. Great waste of energy, and the government's money, somewhere.

There is something that naturally hurries the newspaper man along when he gets an envelope marked "Rush—News." It makes one think of those old days, when he received a letter from a relative, or a friend, marked "In Haste" on the lower left corner, as if the mail-order carrier would get out and run on ahead, and take it before it was completely too late.

If we all did our level best we would mark these familiar alleged news letters in such a way that they would be returned to the sender postage collect.

But this isn't the only way people waste their energy and time. There are hundreds of other ways it can be done, but it seems that most of them are tried on the news paper offices.

SPEAKING OF CALLING THE LEGISLATURE TOGETHER

The Birmingham News says the States credit is getting bad. It says that the legislature should be convened with a view of providing for such business as are needed to wind up the present administration. In such a way that it will not embarrass the incoming administration. The News, like the other people of the Birmingham District also wants some legislation that will give Jefferson county relief from the tax system. It is pointed out in a News editorial that the legislature might be called together to pass upon such laws without feeling called upon to tangle with the liquor question. This is a good point the News brings out and shows that this is the reason why Governor O'Neal hasn't called the legislature together sooner. Fearing that unfavorable legislation with reference to the whiskey question might slip by. We believe the members ought to promise in advance that they will not if they will convene the legislature long enough to put through some needed bills.

The News thinks the state will need \$1,500,000 to finish up the rest of the year in good shape. Well it is a rather stiff deal to turn the State over to the new administration with a floating debt of that size, unprovided for. We move that the legislature go into writings promising not to tangle with liquor one way or another and allow the legislature to be convened thus at forcing some legal way of shifting the debt for the present for that is what it means.

Some of the strong supporters of Mr. Henderson are bound to split with him before he is inaugurated governor of Alabama. Already many of the liquor papers are trying to create a sentiment contrary to that expressed by Mr. Henderson while he was candidate for governor. If they can work out what they are attempting, they will try to show the governor that it is his duty to do the opposite of what he said he stood for. But Mr. Henderson has been cautious in his remarks, and whatever he has said was said only after he had given the matter due consideration, and it is not likely that he will be switched from one position to another.

Josh Speight's boom for congress from this district isn't creating as much excitement as some congressional campaigns create. Josh seems to be about the only near relative of Mr. Clayton who didn't get provided for and when we say near relative we don't claim that he is a sister of his to Judge Clayton. He's been the judge a while so long till he really ought to be about as close to the judge as if he were blood kin. This is partly an oversight but it looks as if it's too late to be remedied now. However if Josh doesn't break into congress he would be a mighty valuable man in some clerkship in the federal judge's office.

If you must make a trip across the ocean, probably you had just as well wait till the ships put on a regular schedule. They will hardly be any more hazardous than the present type of steamships built so they "can't sink."

BUFFET SUPPER FOR BRIDAL PARTY—

Mrs. Charles P. Anderson will entertain at a buffet supper this evening in compliment to her daughter, Miss Belle Anderson, whose marriage to Dr. John Edward Rich, ardsen of Corbin, Ky., will be an interesting event of Wednesday.

The entire lower floor of the home on South Court street has been thrown open and beautifully decorated. In the dining room the bride's table is placed, and here bridal tones of green and white are used. The table is spread with clay lace over green satin and a white enamel basket filled with bride's roses and tied with green tulle will form a pretty centerpiece. At one side will be the beautifully embossed bride's cake, containing the dime, thimble and ring.

Everywhere else throughout the house Easter lilies and Shasta dah-

lilies will be used in profusion. In the library are placed many handsome presents received by this popular young couple. Here punch will be served from a prettily arranged table by Miss Mary Williams and Miss Nannie Mae Hancock of Talladega.

A delicious course supper will be served. The guests will be limited to the family and the members of the bridal party.

Mrs. Anderson will wear a handsome gown of black tulle and silk. Miss Anderson will wear a becoming gown of white crepe de chine, trimmed with black lace.—Tuesday Evening's Montgomery Journal.

DANCE, "HONORING MISS TOWDER—

The following invitations have been issued:

"Mrs. Marvin Harrison requests the pleasure of your presence, Wed-

nesday evening, June 3rd. Dance, R. M. V. P."

"NO NAME CLUB" ENTERTAINED—

Mrs. W. R. Flowers was the gracious hostess to the members of the No Name Club on Tuesday afternoon.

The lovely home was decorated with a profusion of cut flowers, red and pink roses were used in the library, blue hydrangeas in the parlor, black eyed Susans and sun flowers in the reception hall and Shasta daisies in the living room.

Refreshing punch was served from a prettily appointed table by Miss Mary Ra Flowers and Miss Frances Reynolds of Ozark. Four tables were arranged for the games of ruck, and at the close of an enjoyable afternoon a delightful salad course was served.

BENEFIT SHOW—

The Philanthia Class of the First Baptist Sunday School will have charge of the Palace theatre tomorrow, Thursday, afternoon and night. In addition to the regular program the young men's quartette will render several selections. Home-made candy will be sold in the vacant store next to Saxon & Heard Dry Goods Company. The patronage of the public is earnestly requested.

PERSONALS—

Judge and Mrs. Henry D. Clayton who have recently come from Washington to make their home in Montgomery are with Mr. and Mrs. L. J. Richardson on South Perry street. Mrs. Clayton, an unusually charming woman, cultured and

gracious, will be a lovely addition to the social circle of the city. It is with great pleasure that Montgomeryans welcome the coming to our city of this brilliant Alabamian and his beautiful wife.—Montgomery Journal.

1c Cash Certificate in Every Package

This certificate is given merely as a temporary offer; you get more than your nickel's worth in Reyno Cigarettes themselves.

You Come Out on Top no Matter How This Offer Turns Out

When you buy a box of 10 Reyno Cigarettes remember that the nickel you pay doesn't close the deal until you put your O.K. on them. You can't possibly lose. Reyno Cigarettes will not cost you anything unless you're satisfied that they are made from the finest tobacco grown in America.

REYNO

CIGARETTES

are the finest domestic cigarettes sold for a nickel. We started selecting the tobacco very carefully away, away back, and our 39 years of successful effort in the aging and blending of tobacco is your assurance of Reyno mildness and excellent flavor. We use only genuine imported French paper in making Reynos.
